

# GUIDE TO REPURPOSING

by: Impact Earth

## WHAT IS REPURPOSING?

**Repurposing is using something for a purpose besides its original intended use.**

## WHY IS REPURPOSING GOOD FOR THE ENVIRONMENT?

**Saving an item from being thrown out is very important. Limiting trash helps reduce waste going into landfills!**

## WHAT ARE SOME SIMPLE REPURPOSING PROJECTS?

- **use a mason jar as storage**
- **turn a milk jug into a watering can**
- **turn old bottles into candles**
- **use an old tooth brush to clean**
